WELCOME TO THE TUNNEL CLUB PREMIER

This is your exclusive opportunity to be part of the inner circle at Manchester City. The sumptuous environment and impeccable service creates genuine warmth and the perfect setting to talk business, make new contacts or simply relax with friends. But what really sets The Tunnel Club Premier apart is the way it makes you feel part of the team, standing shoulder to shoulder with some of the world's greatest footballers.

As the anticipation builds for the game, relax and enjoy the finest food and drink in immaculate surroundings. Observe the players' entrance through the suite as they head towards the changing rooms. This is your opportunity to get closer to the team, the manager and coaching staff than ever before.

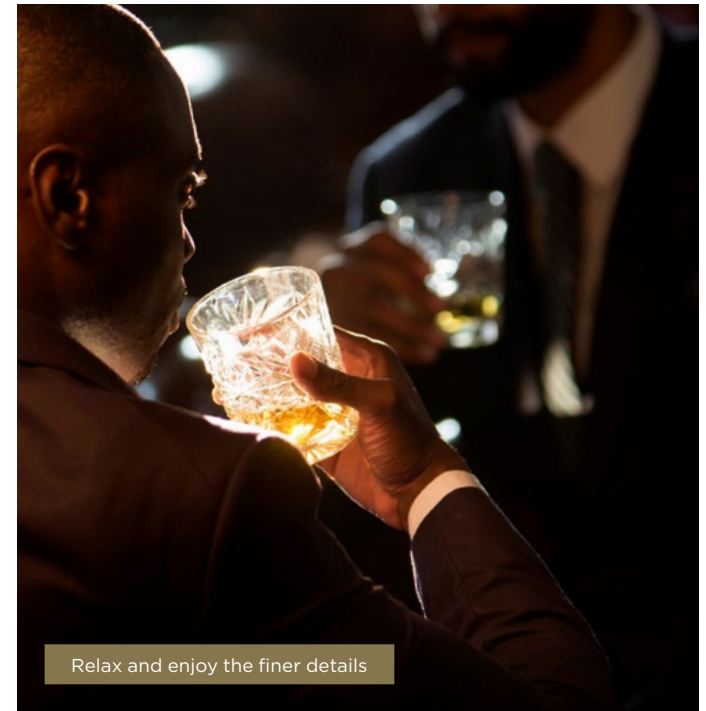

Listen as a member of the coaching staff announces team line ups and tactical plans. Observe, alongside Manchester City staff, the players' warm-up and then experience that incredible moment, when the crowd roar, as you enter the stadium through a guest tunnel at the same time as the players.

When the action on the pitch stops, the excitement continues within The Tunnel Club Premier. Watch as the players undertake media duties, receive the man of the match award and listen to the management team's insight.

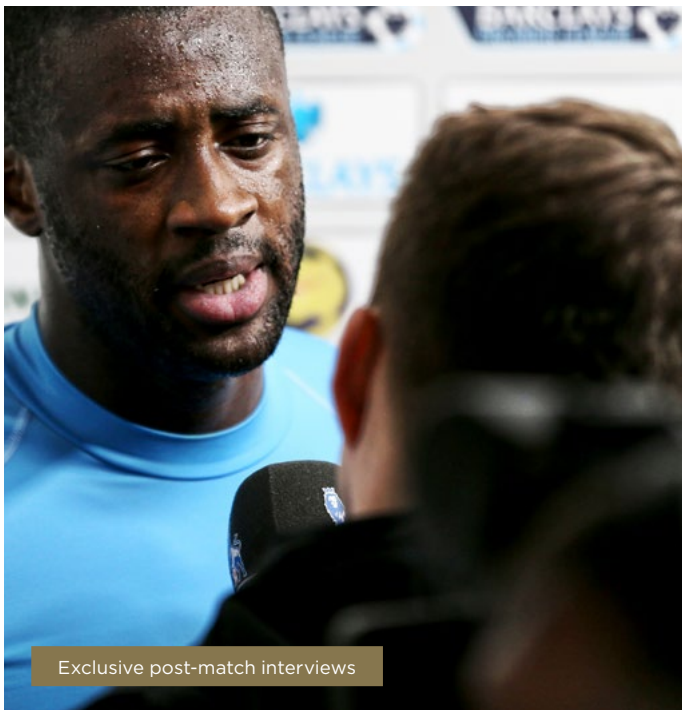

No longer hidden from view, this is your chance to get closer to the game than ever before. Welcome to the inner circle.

View towards main bar and wine tasting area

Relax and enjoy the finer details
